

TRAIN THE TRAINER ELEVATED WORK PLATFORM

Our Train the Trainer programs provide participants with the knowledge, skills, and tools to effectively train operators and evaluate their competence. Our programs are written to applicable industry standards and Ontario regulations.

COURSE LENGTH: 3 days

COURSE INCLUDES: Each participant will receive a training workbook with all required forms and templates, and an electronic copy of all forms and templates. Depending on the course, a training video may also be included.

LOCATION: Training sessions are available onsite at your facility, publically across Ontario, or our state of the art training facility. If your facility does not have access to a board room, IST has a mobile class room called the Safety Bus. Please contact our office for more detailed information about training formats and date availability.
