

SAFETY POLICY

Management of _____ is vitally interested in the health and safety of its employees. Protection of employees from injury or occupational illness is a major continuing objective. To achieve this objective we recognize and accept that there can be no compromise of an employees' safety and _____ will make every effort to provide a safe and healthy work environment. Therefore, it is recognized that all supervisors and workers understand and accept that health and safety is a prime consideration in the continuing objective of reducing risk of injury or illness. _____ as the employer is ultimately responsible for worker health and safety. As employer I give you my personal promise that every reasonable precaution will be taken for the protection of workers.

Supervisors will be held accountable for the health and safety of workers under their supervision. Supervisors are responsible to ensure that machinery; equipment and work areas shall be properly maintained in safe working condition. All safety equipment required by either legislation or by our facility rules would be made available and used by all employees. Proper and safe procedures will be developed and followed by all employees. Workers will receive adequate training in their specific work tasks to protect their health and safety.

Every worker must protect his or her own health and safety by working in compliance with the law and safe work practices and procedures established by _____.

In striving to meet this objective, it is in the best interest of all parties to consider health and safety in every activity. Commitment to health and safety must form an integral part of this organization, from the president to the workers.
